We, the graduating class of 1967,

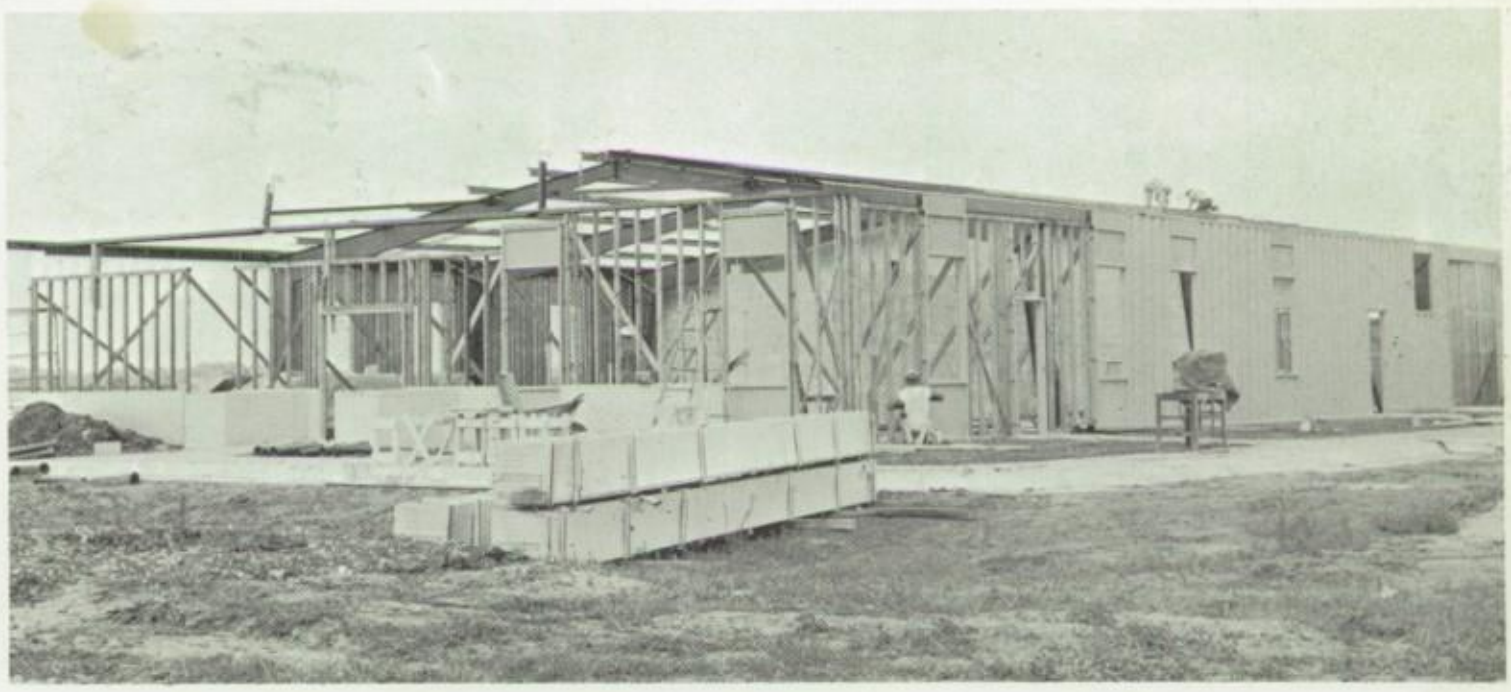
dedicate this edition of the "Swather" to

all who have helped Hesston High School move forward from its beginning.

Swather "firsts" in the school year 1966-67 indicate

a dynamic quality necessary in the onward movement of our school.

More students and new electives made a building expansion necessary.

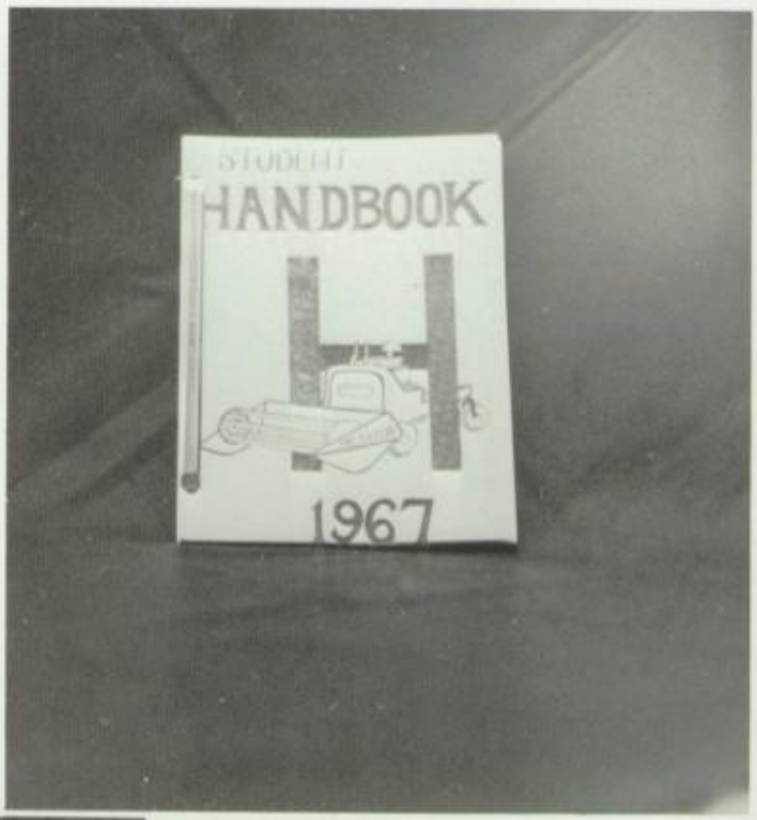


Construction and moving day

made classroom use possible.

New Swather "firsts" include--

the opportunity to host District Basketball Tournament;



a Student Handbook prepared by Stuco as a guide to students;

a I rating for "The Lottery" at State Speech Festival.

Even as halls are emptied and doors closed, Hesston High students and faculty look ahead to future steps in a forward direction.

Administration

STUDENTS OF HESSTON HIGH SCHOOL

As we strive to build an educational system which will accomplish the purpose of preparing students for the future, it is gratifying to see students produce such a result as is found in this annual.

For Hesston High School to grow in stature, the same spirit must, and I believe does, prevail in other areas.

Be your pursuits academic, athletic, musical, or universal, may your contribution to this endeavor be such that the heritage will be profound.

Principal's Message

Today, as never before, education is the most valuable asset a person can possess. The experiences and academic training you have received in high school will become more meaningful with the passing of time.

This year's "Swather" will bring back many memories. The pictures of yourself and schoolmates will provide chuckles in the years to come. As you look back on your high school days you will have a feeling of pride knowing that you were a part of Hesston High School.

Hesston High School made a fine showing in its second full season of football. The Swathers played three eleven-man games this year. In the first two, they made a fine showing but came out on the losing end. In the final game of the season, Hesston soundly trounced Florence 33-0. It proved to be the first eleven-man victory for Hesston High School. The Swathers kept their homecoming slate clean by defeating Durham 31-21. Hesston, playing in the McPherson County League for the first time, placed second.

Bob Weaver races for the string.

Hesston track team came through with their second straight league track crown. The Swathers, competing in the McPherson County League for the first time, ran off with the trophy of 1st place this year. They scored over 80 points and consumed over 25 medals in this meet alone. They also received the 3rd place trophy at the Burrton track meet. At Bennington, the final point total and winning team was not decided until the final race of the day. The Swathers four baton passers made a gallant effort but came in 2nd in the race and 2nd in the meet. At Haven meet the Swathers finished in 4th place. In the final meet of the season, which was the regional meet, the Swathers gave their best efforts but the competition was much stronger and the Swathers could not score.

Max finishes first in the medley once again.

Paul lets the discus fly.

Tom hits the board just right.

Bob finishes third in the highs.

Elliot clears the bar.

Cindy leaves the rest in the dust.

The girls even got into the act at Bennington. They showed good speed.

Coach gets Robert's time.

"Just let me have it!"

Max gets a good jump out of the blocks.

Steve prepares to hand off.

Bob shows good form over the hurdle.

Froglegs? No just Jim clearing the bar.

It's only right to close out the track section as the Swathers closed out each track meet. Doug crosses the finish line way ahead of the others in the mile relay.

Junior Class Play

Nov. 18 and 19 the Junior Class presented "Onions in the Stew." Hours of hard, rewarding work were spent getting ready. Senior Class Play

Before, during, and after the play, stage managers Jerry and Jim handle well the back-stage necessities.

After weeks of practice, "Room for One More" finally swings into production. The Rose family restores breath to Teensie's turtle and experiences Jimmy John's arrival all in one fateful afternoon.

Later, Joey tells Janey to relax--just relax; its the whole secret in learning to swim.

Some members of the Rose family experience growing pains.

Joey finds his place in the family only after Mother "knocks him out";

The drowning woman Janey saves rewards her with money, but Janey's greatest reward is personal--she finally swam through the breakers;

Jimmy John, who knew he could never dance, learns.

Everyone, including Jimmy John, the cripple, learns that in the Rose family there is always "room for one more."

In between the carefree atmosphere of grade school and the responsibility of high school there comes the years of junior high. It's a time of questions and answers; a time of parties and tests. Here also is training for leadership as classes operate as organized bodies.
